

Creator Participation Requirements

Team 3Short

Last Updated: August 16, 2026

This document sets out the minimum requirements every creator must meet to join and remain an active member of Team 3Short.

1. Purpose

These requirements define the minimum standard every creator must meet to apply for, join, and remain part of Team 3Short. They apply to all applicants and active members, and work alongside the Team's Terms and Conditions and Privacy Policy.

2. Platform Requirements

Applicants must be active on **at least one** of the following two platforms:

- **Instagram**
- **TikTok**

Being active on both is welcomed but not required. A presence on YouTube and Facebook is also encouraged, but remains optional for application.

3. Content Niche

Team 3Short is focused exclusively on **PUBG Mobile** content. Applicants must create PUBG Mobile-related content as their primary focus. Content outside this niche is not eligible for consideration.

4. Minimum Follower Requirement

There is no minimum follower or subscriber count to apply. Team 3Short welcomes both established and new creators, provided all other requirements in this document are met.

5. Equipment Requirements

Applicants must have access to their own basic content creation equipment, including at minimum:

- A capable mobile device or PC for gameplay and recording
- A working microphone
- Screen/gameplay capture capability
- Basic video editing software or app

Team 3Short does not provide equipment to members at this time.

6. Monthly Content Output

Active members are required to publish a minimum of **12 pieces of content per month**, combined across their active platforms (Instagram and/or TikTok).

If a member falls short of the monthly quota, a **grace period** will be granted to catch up before any further action is taken. Repeated or unexplained shortfalls may be reviewed by Team leadership on a case-by-case basis.

7. Team Branding Usage

Members are required to include Team 3Short branding (logo, name, or watermark) only for certain content types, as designated by Team leadership — for example, tournament content, collaborations, or sponsored posts. Branding is not mandatory for all content.

8. Content Quality Guidelines

Team 3Short maintains loose, non-strict guidelines for content quality and format. Members are encouraged, but not required, to maintain consistent thumbnail styles, intros/outros, and title formats that reflect well on the Team's brand.

9. Mandatory Events & Attendance

Team events, tournaments, and group content sessions organized by Team 3Short require **mandatory attendance** from all active members.

If a member is unable to attend due to illness, exams, or another valid reason, they must provide **advance notice and receive approval** from Team leadership for an excused absence. Unexplained or repeated absences may be treated as a violation of these participation requirements.

10. Review & Enforcement

Team leadership will periodically review member compliance with these requirements. Consistent failure to meet the platform, content, or attendance

requirements outlined in this document may result in a formal warning, probation, or removal from the Team, as outlined in the Terms and Conditions.

11. Changes to These Requirements

Team 3Short may update these participation requirements as the Team grows. Members will be notified of any material changes. The "Last Updated" date on the title page reflects the most current version.
